

Job Title: Fire Alarm Inspector

Location: Peabody, MA

Organization: Advanced Safety Systems Inc.

Job Responsibilities:

Provide reliable, high quality customer support through on-site inspecting and preventive maintenance services performed on Gamewell-FCI and other manufacturer's equipment. Candidate must be able to document deficiencies found during an inspection and trouble shoot problems while understanding when to deviate from standard practices and also select appropriate procedures to resolve problems which may involve uncommon variations.

Job Requirements:

Candidate must possess excellent written/verbal communication and outstanding customer service skills. Professional appearance and attitude are a must.

We encourage and pay for manufacturer's training and certifications. If you take pride in your work and are dependable, there is a promising career for you. State COC Certifications and Class D license a plus as well as experience with Notifier, Firelite, FCI panels, etc. Clean driver record. Vehicle provided.

Excellent training provided.
