

Job Title: HVAC Apprentice

Organization: Heritage Plumbing, Heating, Cooling, & Electric

Location: Woburn, MA & Auburn, NH

Heritage Plumbing Heating Cooling & Electrical has been serving communities in New Hampshire for almost 30 years! Heritage focuses on service, repair, and replacement of Plumbing, Heating, Cooling and Electrical systems specifically for homeowners. Today, Heritage has 50 technicians and 20 office staff members that will serve over 20,000 customers this year in Southern and Central New Hampshire communities.

We are looking to partner with professional, customer-oriented service individuals to help serve our expanding customer base. In an industry that has often been under-served and under-valued, we want to provide job opportunities that allow our employee's to have work that is secure, financially rewarding, and a career they are proud of. We want to provide the opportunity for our employee's to own their own homes, prepare for their future, provide for their families, take vacations, send their kids to college, and retire comfortably.

As a family owned business, we respect and treat each employee like family. We take ownership of our responsibilities and always go the extra mile for our team and customer's. All of work is completed with the utmost professionalism and quality, always being honest, courteous, and maintaining work environments that are cleaner than when we arrived. We are always looking for ways to improve the service levels to our customer's and to innovate our industry. We give of our time and resources to our employee's and communities, participating in many charitable events and donations throughout the year and helping those in need. We know we would not exist without the support of our communities and make an effort to always give back to others.
