

Home Residential Energy Specialist - Boston, MA
N6 Energy - Charlestown, MA

Position Summary: N6 Energy, a Home Performance Contractor in the Mass Save® Home Energy Services (HES) program, is seeking a Junior Residential Energy Specialists to conduct scheduled home energy assessments.

Responsibilities/ Preferred Qualifications:

- Conduct thorough, accurate residential energy audits to evaluate factors such as insulation, appliances, HVAC systems, lighting and electrical systems, moisture and air quality that affect home energy use, durability, safety and comfort.
- Work with the Residential Energy Efficiency Technician to conduct in-home energy tests and install instant-savings measures such as energy-efficient light bulbs and water-conservation devices.
- Use proprietary software to prepare on-site assessment reports.
- Explain recommended energy-efficiency measures and associated benefits, costs and savings.
- Secure homeowner approval of proposed work and coordinate available rebates and financing options.
- Follow up with homeowners to ensure high customer satisfaction.
- With company support, obtain BPI Building Analyst certification within six months of hire.
- At least two years of residential construction or energy-efficiency experience, including knowledge of building materials, systems or diagnostics.
- Strong analytical skills, drawing/drafting ability and aptitude for mathematics.
- Excellent interpersonal and communications skills, including the ability to effectively convey technical concepts and program information verbally and in writing.
- Sales or other customer-facing experience.
- A commitment to and enthusiasm for energy efficiency.
- Proficiency with Windows-based computer applications, including Microsoft Word, Excel and Outlook.
- High school diploma or equivalent plus relevant post-high-school studies.
- Other combinations of education, training and experience will be evaluated on an individual basis.
- A valid driver's license, clean driving record and the ability to travel daily to customers' homes.
- Physically able to fulfill job functions, including lifting up to 50 lbs., carrying and climbing step ladders, entering attics, basements and crawlspaces, and using small tools and installation equipment.
- Able to pass criminal background and drug screening tests.

Compensation & Benefits:

- Aggressive salary and incentive program.
- Personal car mileage reimbursement and/or use of a company vehicle for customer visits.
- Paid time off. Health care benefits available

Interested candidates should send resume to Silvestre Faria at: silvestre@n6energy.com
