

**Job Title: Optician**

**Location:** Cambridge, MA

**Organization: Eye Q Optical**

In 1999 we opened Eye Q Optical in Harvard Square. Our vision was to provide fashionable, but wearable, eye glasses at a fraction of the price of the designer labels. In addition to having an innate aversion to the branding and prominent logos of the majority of frame lines, we believed that most of these frames were over priced and often generic looking. **Job Responsibilities:**

- Sales, dispensing, insurance processing and all aspects of running and maintaining a small optical shop.
- Experience with billing VSP, EyeMed and Davis Vision is preferred but we are also willing to train the right candidate.

**Job Requirements:**

- We are seeking a full-time Massachusetts-licensed optician to join our close-knit staff in a small boutique setting.
- We will also consider an apprenticed optician with the right skills and experience. Must be experienced/comfortable working with luxury eyewear.
