

Job Title: Test Engineering Technician

Location: MA

Organization: Bose Test Systems Development group

Job Responsibilities:

Bose Test Systems Development group has an opportunity for an Electronics Technician to support construction and debug of test systems used in the production of new Bose products. In this position you will be responsible for ordering, kitting, assembly, verification, and installation of electromechanical prototypes and products in support of engineering activities such as design, test, evaluation, and delivery of new products. Works from schematics, diagrams, written and verbal descriptions, layouts or defined plans to perform fabrication, modifications, testing, checkout and trouble-shooting functions.

Job Duties:

- Small PCB assembly, cable/harness construction, electronics box wiring, 19" rack assembly etc.
- Setting up computer systems and installing software
- Identify technical problems by using logical troubleshooting techniques and communicate to appropriate team members. Parts ordering and kitting.
- Perform complex and difficult tests with minimal instruction and documentation

Job Requirements:

- Associate's degree in Mechanical or Electrical Engineering, Engineering Technology, and or equivalent work experience.
- Good organizational skills required; interpersonal communication, and decision-making skills.
- Strong wiring, soldering and assembly skills as well as be able to properly use basic hand tools.
- Able to read schematic diagrams, assembly prints and parts lists and follow formal procedures
- Identify electronic components
- Knowledge of use computers to aid in system level trouble shooting and validation.
- Knowledge of electronics fundamentals.
- Proven ability to troubleshoot problems in complex electromechanical systems
- Experience with setting up computer systems and installing software
- Experience with MS Office tools including, Outlook, Excel, Word etc.

Please note: this is a contract opportunity with potential for temp-to-permanent for the right individuals. Bose Corporation is an equal opportunity employer.
